**The Soul of America** Jon Meacham 2018-05-08 #1 NEW YORK TIMES BESTSELLER •

Pulitzer Prize–winning author Jon Meacham helps us understand the present moment in American politics and life by looking back at critical times in our history when hope overcame division and fear. ONE OF OPRAH'S "BOOKS THAT HELP ME THROUGH" • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR • The Christian Science Monitor • Southern Living Our current climate of partisan fury is not new, and in *The Soul of America* Meacham shows us how what Abraham Lincoln called the "better angels of our nature" have repeatedly won the day. Painting surprising portraits of Lincoln and other presidents, including Ulysses S. Grant, Theodore Roosevelt, Woodrow Wilson, Franklin D. Roosevelt, Harry S. Truman, Dwight Eisenhower, and Lyndon B. Johnson, and illuminating the courage of such influential citizen activists as Martin Luther King, Jr., early suffragettes Alice Paul and Carrie Chapman Catt, civil rights pioneers Rosa Parks and John Lewis, First Lady Eleanor Roosevelt, and Army-McCarthy hearings lawyer Joseph N. Welch, Meacham brings vividly to life turning points in American history. He writes about the Civil War, Reconstruction, and the birth of the Lost Cause; the backlash against immigrants in the First World War and the resurgence of the Ku Klux Klan in the 1920s; the fight for women's rights; the demagoguery of Huey Long and Father Coughlin and the isolationist work of America First in the years before World War II; the anti-Communist witch-hunts led by Senator Joseph McCarthy; and Lyndon Johnson's crusade against Jim Crow. Each of these dramatic hours in our national life have been shaped by the contest to lead the country to look forward rather than back, to assert hope over fear—a struggle that continues even now. While the American story has not always—or even often—been heroic, we have been sustained by a belief in progress even in the gloomiest of times. In this inspiring book, Meacham reassures us, "The good news is that we have come through such darkness before"—as, time and again, Lincoln's better angels have found a way to prevail. Praise for *The Soul of America* "Brilliant, fascinating, timely . . . With compelling narratives of past eras of strife and disenchantment, Meacham offers wisdom for our own time."—Walter Isaacson "Gripping and inspiring, *The Soul of America* is Jon Meacham's declaration of his faith in America."—Newsday "Meacham gives readers a long-term perspective on American history and a reason to believe the soul of America is ultimately one of kindness and caring, not rancor and paranoia."—USA Today

*Theodore Roosevelt's Letters to His Children* Theodore Roosevelt 2010-11-08 This collection of letters from the 26th President of the United States to his six children was an immediate bestseller when it was originally published in 1919, shortly after Roosevelt's death. Written between 1898 and 1911, the letters show Roosevelt as a devoted and encouraging father, with a sense of humor and a skilled sketching hand.

*Conservation in the Progressive Era* David Stradling 2012-04-01 Conservation was the first nationwide political movement in American history to grapple with environmental problems like waste, pollution, resource exhaustion, and sustainability. At its height, the conservation movement was a critical aspect of the broader reforms undertaken in the Progressive Era (1890-1910), as the rapidly industrializing nation struggled to protect human health, natural beauty, and "national efficiency." This highly effective Progressive Era movement was distinct from earlier conservation efforts and later environmentalist reforms. *Conservation in the Progressive Era* places conservation in historical context, using the words of participants in and opponents to the movement. Together, the documents collected here reveal the various and sometimes conflicting uses of the term "conservation" and the contested nature of the reforms it described. This collection includes classic texts by such well-known figures as Theodore Roosevelt, Gifford Pinchot, and John Muir, as well as texts from lesser-known but equally important voices that are often overlooked in environmental studies: those of rural communities, women, and the working

class. These lively selections provoke unexpected questions and ideas about many of the significant environmental issues facing us today.

**Camping & Tramping with Roosevelt John Burroughs 2016-12-02** First published in 1907, this is an account of the author's time spent travelling and observing nature with U.S. President Roosevelt. This volume offers both an authentic glimpse of U.S. wildlife and a unique insight into the mind of Theodore Roosevelt, and it is not to be missed by lovers of nature writing. John Burroughs (1837 – 1921) was an American naturalist, essayist, and active member of the U.S. conservation movement. Burroughs' work was incredibly popular during his lifetime, and his legacy has lived on in the form of twelve U.S. Schools named after him, Burroughs Mountain, and the John Burroughs Association—which publicly recognizes well-written and illustrated natural history publications. Other notable works by this author include: "Winter Sunshine" (1875), "Birds and Poets" (1877), and "Locusts and Wild Honey" (1879). Contents include: "The President on Glacier Point, Yosemite Valley", "Arrival at Gardiner, Montana", "The President, Mr. Burroughs and Secretary Loeb", "The President in the Bear Country", "Mr. Burroughs's Favorite Pastime", etc. Many vintage books such as this are becoming increasingly scarce and expensive. We are republishing this volume now in an affordable, modern, high-quality edition complete with a specially commissioned new biography of the author.

**Boilerplate Paul Guinan 2012-04-15** Meet Boilerplate, the world's first robot soldier—not in a present-day military lab or a science-fiction movie, but in the past, during one of the most fascinating periods of U.S. history. Designed by Professor Archibald Campion in 1893 as a prototype, for the self-proclaimed purpose of "preventing the deaths of men in the conflicts of nations," Boilerplate charged into combat alongside such notables as Teddy Roosevelt and Lawrence of Arabia. Campion and his robot also circled the planet with the U.S. Navy, trekked to the South Pole, made silent movies, and hobnobbed with the likes of Mark Twain and Nikola Tesla. You say you've never heard of Boilerplate before? That's because this book is the fanciful creation of a husband-and-wife team who have richly imagined these characters and inserted them into accurate retellings of history. This full-color chronicle is profusely illustrated with graphics mimicking period style, including photos, paintings, posters, cartoons, maps, and even stereoscope cards. Part Jules Verne and part Zelig, it's a great volume for a broad range of fans of science fiction, history, and robots.

**The Jungle Upton Sinclair 2017-06-19** The Jungle is a 1906 novel written by the American journalist and novelist Upton Sinclair (1878–1968). Sinclair wrote the novel to portray the lives of immigrants in the United States in Chicago and similar industrialized cities. Many readers were most concerned with his exposure of health violations and unsanitary practices in the American meatpacking industry during the early 20th century, based on an investigation he did for a socialist newspaper. The book depicts working class poverty, the lack of social supports, harsh and unpleasant living and working conditions, and a hopelessness among many workers. These elements are contrasted with the deeply rooted corruption of people in power. A review by the writer Jack London called it, "the Uncle Tom's Cabin of wage slavery." Sinclair was considered a muckraker, or journalist who exposed corruption in government and business. He first published the novel in serial form in 1905 in the Socialist newspaper, Appeal to Reason, between February 25, 1905, and November 4, 1905. In 1904, Sinclair had spent seven weeks gathering information while working incognito in the meatpacking plants of the Chicago stockyards for the newspaper. It was published as a book on February 26, 1906 by Doubleday and in a subscribers' edition.

**Island of Vice Richard Zacks 2012-03-13** A ROLLICKING NARRATIVE HISTORY OF THEODORE ROOSEVELT'S EMBATTLED TENURE AS POLICE COMMISSIONER OF CORRUPT, PLEASURE-LOVING NEW YORK CITY IN THE 1880s, AND HIS DOOMED MISSION TO WIPE OUT VICE In the 1890s, New York City was America's financial, manufacturing, and entertainment capital, and also its preferred destination for sin, teeming with 40,000 prostitutes, glittering casinos, and all-night dives packed onto the island's two dozen square miles. Police captains took hefty bribes to see nothing while reformers writhed in frustration. In Island of Vice, bestselling author Richard Zacks paints a vivid picture of the lewd underbelly of 1890s New York, and of Theodore Roosevelt, the cocksure crusading police commissioner who resolved to clean up the bustling metropolis, where the silk top hats of Wall Street bobbed past teenage prostitutes trawling Broadway. Writing with great wit and zest, Zacks explores how Roosevelt went head-to-head with corrupt Tammany Hall, took midnight rambles with muckraker Jacob Riis, banned barroom drinking on Sundays, and tried to convince 2 million New Yorkers to enjoy wholesome family fun. In doing so, Teddy made a ruthless enemy of police captain "Big Bill" Devery, who grew up in the Irish slums and never tired of fighting "tin soldier" reformers. Roosevelt saw his mission as a battle of good versus evil; Devery saw prudery standing in the way of fun and profit. When righteous Roosevelt's vice crackdown started to succeed all too well, many of his own supporters began to turn on him. Cynical newspapermen mocked his quixotic quest, his own political party abandoned him, and Roosevelt discovered that New York loves its sin more

than its salvation. Zacks's meticulous research and wonderful sense of narrative verve bring this disparate cast of both pious and bawdy New Yorkers to life. With cameos by Stephen Crane, J. P. Morgan, and Joseph Pulitzer, plus a horde of very angry cops, *Island of Vice* is an unforgettable portrait of turn-of-the-century New York in all its seedy glory, and a brilliant portrayal of the energetic, confident, and zealous Roosevelt, one of America's most colorful public figures.

**Making Sense of Political Ideology** Bernard L. Brock 2005-10-01 **Making Sense of Political Ideology** explores the erosion of ties among ideology, language, and political action. Analyzing political language strategies, it shows how to dissect language so we can better understand a speaker's ideology. The authors define four political positions—radical, liberal, conservative, reactionary—and apply their techniques to contemporary issues such as the war on terrorism. They emphasize the dangers of staying trapped in political gridlock with no consensus for governmental direction and propose that the ability to identify and bridge positions can help political communicators toward constructing coalitions and building support for political action.

**The Bully Pulpit** Doris Kearns Goodwin 2013-11-05 One of the Best Books of the Year as chosen by *The New York Times*, *The Washington Post*, *The Economist*, *Time*, *USA TODAY*, *Christian Science Monitor*, and more. “A tale so gripping that one questions the need for fiction when real life is so plump with drama and intrigue” (Associated Press). Doris Kearns Goodwin's *The Bully Pulpit* is a dynamic history of the first decade of the Progressive era, that tumultuous time when the nation was coming unseamed and reform was in the air. The story is told through the intense friendship of Theodore Roosevelt and William Howard Taft—a close relationship that strengthens both men before it ruptures in 1912, when they engage in a brutal fight for the presidential nomination that divides their wives, their children, and their closest friends, while crippling the progressive wing of the Republican Party, causing Democrat Woodrow Wilson to be elected, and changing the country's history. *The Bully Pulpit* is also the story of the muckraking press, which arouses the spirit of reform that helps Roosevelt push the government to shed its laissez-faire attitude toward robber barons, corrupt politicians, and corporate exploiters of our natural resources. The muckrakers are portrayed through the greatest group of journalists ever assembled at one magazine—Ida Tarbell, Ray Stannard Baker, Lincoln Steffens, and William Allen White—teamed under the mercurial genius of publisher S.S. McClure. Goodwin's narrative is founded upon a wealth of primary materials. The correspondence of more than four hundred letters between Roosevelt and Taft begins in their early thirties and ends only months before Roosevelt's death. Edith Roosevelt and Nellie Taft kept diaries. The muckrakers wrote hundreds of letters to one another, kept journals, and wrote their memoirs. The letters of Captain Archie Butt, who served as a personal aide to both Roosevelt and Taft, provide an intimate view of both men. *The Bully Pulpit*, like Goodwin's brilliant chronicles of the Civil War and World War II, exquisitely demonstrates her distinctive ability to combine scholarly rigor with accessibility. It is a major work of history—an examination of leadership in a rare moment of activism and reform that brought the country closer to its founding ideals.

**Guide to the Presidency and the Executive Branch** Michael Nelson 2012-08-13 This comprehensive two-volume guide is the definitive source for researchers seeking an understanding of those who have occupied the White House and on the institution of the U.S. presidency. *Mornings on Horseback* David McCullough 2007-05-31 The National Book Award-winning biography that tells the story of how young Teddy Roosevelt transformed himself from a sickly boy into the vigorous man who would become a war hero and ultimately president of the United States, told by master historian David McCullough. *Mornings on Horseback* is the brilliant biography of the young Theodore Roosevelt. Hailed as "a masterpiece" (John A. Gable, *Newsday*), it is the winner of the Los Angeles Times 1981 Book Prize for Biography and the National Book Award for Biography. Written by David McCullough, the author of *Truman*, this is the story of a remarkable little boy, seriously handicapped by recurrent and almost fatal asthma attacks, and his struggle to manhood: an amazing metamorphosis seen in the context of the very uncommon household in which he was raised. The father is the first Theodore Roosevelt, a figure of unbounded energy, enormously attractive and selfless, a god in the eyes of his small, frail namesake. The mother, Mittie Bulloch Roosevelt, is a Southerner and a celebrated beauty, but also considerably more, which the book makes clear as never before. There are sisters Anna and Corinne, brother Elliott (who becomes the father of Eleanor Roosevelt), and the lovely, tragic Alice Lee, TR's first love. All are brought to life to make "a beautifully told story, filled with fresh detail" (*The New York Times Book Review*). A book to be read on many levels, it is at once an enthralling story, a brilliant social history and a work of important scholarship which does away with several old myths and breaks entirely new ground. It is a book about life intensely lived, about family love and loyalty, about grief and courage, about "blessed" mornings on horseback beneath the wide blue skies of the Badlands.

**The Jungle** Upton Sinclair 2010-08-19 A searing novel of social realism, Upton Sinclair's *The Jungle* follows the fortunes of Jurgis Rudkus, an immigrant who finds in the stockyards of turn-of-the-century Chicago a ruthless system that degrades and impoverishes him, and an industry whose filthy practices contaminate the meat it processes. From the stench of the killing-beds to the horrors of the fertilizer-works, the appalling conditions in which Jurgis works are described in

intense detail by an author bent on social reform. So powerful was the book's message that it caught the eye of President Theodore Roosevelt and led to changes to the food hygiene laws. In his Introduction to this new edition, Russ Castronovo highlights the aesthetic concerns that were central to Sinclair's aspirations, examining the relationship between history and historical fiction, and between the documentary impulse and literary narrative. As he examines the book's disputed status as novel (it is propaganda or literature?), he reveals why Sinclair's message-driven fiction has relevance to literary and historical matters today, now more than a hundred years after the novel first appeared in print.

***Leadership* Doris Kearns Goodwin 2019-10-01** Now an epic documentary event on the HISTORY Channel! The illuminating, bestselling exploration on leadership from Pulitzer Prize-winning author and presidential historian Doris Kearns Goodwin, and also the inspiration for the HISTORY Channel multipart series Abraham Lincoln and Theodore Roosevelt. “After five decades of magisterial output, Doris Kearns Goodwin leads the league of presidential historians” (USA TODAY). In her “inspiring” (The Christian Science Monitor) *Leadership*, Doris Kearns Goodwin draws upon the four presidents she has studied most closely—Abraham Lincoln, Theodore Roosevelt, Franklin D. Roosevelt, and Lyndon B. Johnson (in civil rights)—to show how they recognized leadership qualities within themselves and were recognized as leaders by others. By looking back to their first entries into public life, we encounter them at a time when their paths were filled with confusion, fear, and hope. *Leadership* tells the story of how they all collided with dramatic reversals that disrupted their lives and threatened to shatter forever their ambitions. Nonetheless, they all emerged fitted to confront the contours and dilemmas of their times. At their best, all four were guided by a sense of moral purpose. At moments of great challenge, they were able to summon their talents to enlarge the opportunities and lives of others. Does the leader make the times or do the times make the leader? “If ever our nation needed a short course on presidential leadership, it is now” (The Seattle Times). This seminal work provides an accessible and essential road map for aspiring and established leaders in every field. In today’s polarized world, these stories of authentic leadership in times of apprehension and fracture take on a singular urgency. “Goodwin’s volume deserves much praise—it is insightful, readable, compelling: Her book arrives just in time” (The Boston Globe).

***The Imperial Cruise* James Bradley 2009-11-24** In 1905 President Teddy Roosevelt dispatched Secretary of War William Howard Taft on the largest U.S. diplomatic mission in history to Hawaii, Japan, the Philippines, China, and Korea. Roosevelt's glamorous twenty-one year old daughter Alice served as mistress of the cruise, which included senators and congressmen. On this trip, Taft concluded secret agreements in Roosevelt's name. In 2005, a century later, James Bradley traveled in the wake of Roosevelt's mission and discovered what had transpired in Honolulu, Tokyo, Manila, Beijing and Seoul. In 1905, Roosevelt was bully-confident and made secret agreements that he thought would secure America's westward push into the Pacific. Instead, he lit the long fuse on the Asian firecrackers that would singe America's hands for a century.

**Let the People Rule: Theodore Roosevelt and the Birth of the Presidential Primary Geoffrey Cowan 2016-01-11** The exhilarating, prescient story of the four-month campaign that changed American politics forever. Let the People Rule tells the exhilarating story of the four-month campaign that changed American politics forever. In 1912 Theodore Roosevelt came out of retirement to challenge his close friend and handpicked successor, William Howard Taft, for the Republican Party nomination. To overcome the power of the incumbent, TR seized on the idea of presidential primaries, telling bosses everywhere to “Let the People Rule.” The cheers and jeers of rowdy supporters and detractors echo from Geoffrey Cowan’s pages as he explores TR’s fight-to-the-finish battle to win popular support. After sweeping nine out of thirteen primaries, he felt entitled to the nomination. But the party bosses proved too powerful, leading Roosevelt to walk out of the convention and create a new political party of his own. Using a trove of newly discovered documents, Cowan takes readers inside the colorful, dramatic, and often mean-spirited campaign, describing the political machinations and intrigue and painting indelible portraits of its larger-than-life characters. But Cowan also exposes the more unsavory parts of TR’s campaign: seamy backroom deals, bribes made in TR’s name during the Republican Convention, and then the shocking political calculation that led TR to ban any black delegates from the Deep South from his new “Bull Moose Party.” In this utterly compelling work, Cowan illuminates lessons of the past that have great resonance for American politics today.
