Jung and Tarot Sallie Nichols 1980-06-01 Highly innovative work presenting a piercing interpretation of the tarot terms of Jungian psychology. Through analogy with the humanities, mythology and the graphic arts, the significance the cards is related to personal growth and individuation. The major arcana becomes a map of life, and the hero becomes something that each individual can relate to the symbolism of the cards and therefore to the personal. The Jungian Tarot and Its Archetypal Imagery Robert Wang 2017 In Volume II, Dr. Wang explores the imagery of The Jungian Tarot from the standpoints of archetypal symbolism, history, and comparative religion.

Tarot in the Land of Mystereum Jordan Hoggard 2011-01-13 Where is the Land of Mystereum? Mystereum is a place where you can establish harmonious relationships with your ideas and feelings, explore identity and personality, guide your intuition and imagination. We celebrate our differences. "All similar, each unique," is our motto. It keeps lives lively! There are 78 cards in this intuitive Tarot deck and each card has its own individual personality. As you see each character visually, there is the opportunity to breathe life into the image and to learn to sense what you feel. At the same time, you will learn the card meanings and how the character interacts with you and the world around you. Your answers to your questions will become clear. Then things become fun! Each Mystereum Tarot character speaks in their own voices and they have something for you! Some have single gifts. Some have packages. These gifts are Imagination Tools and they are the "primers" for your life. Only you can use these tools to solve the mysteries in your own Land of Mystereum. Enjoy the journey. Your creativity will thank you!

Tarot for Your Self Mary K. Greer 2019-09-01 The tarot classic that first promoted the practice of reading the cards just for others but for one's own personal insight and self-transformation "Tarot for Your Self was ground-breaking when this book was first published and is still radically significant today." —Benebell Wen, author of Holistic Tarot "Dealing with the Tarot is like embarking on a long, inward journey."—Mary K. Greer This tarot classic by Mary K. Greer is the first book to promote reading the cards for your own insight, revolutionizing tarot through a combined emphasis on self-teaching techniques and personal growth. Tarot for Your Self uses meditations, rituals, spreads, mandalas, visualizations, dialogues, charts, affirmations, and other activities to help you establish your own relationship with the cards. All the information is presented using the best in traditional knowledge and know-how. This powerful breakthrough process will turn all your readings into truly transformative experiences. Tarot for Your Self covers interpretations for the major and minor arcana, reversed card meanings for all 78 cards, and enlightening information on your shadow/teacher cards.

The Jungian Tarot Deck Robert Wang 2017-06-06 Dr. Robert Wang developed The Jungian Tarot as a "visual gateway into the complexities of Jungian psychology" to aid in the process of active imagination proposed by Carl Jung. The Major Arcana represent Jungian archetypes of the collective unconscious. The figures are visually presented with archways and circular mandalas, which aid in meditation. The court cards depict family roles: father, mother, daughter, and son. The deck is a companion to the Jungian Tarot Trilogy by Robert Wang.

Llewellyn's Complete Book of the Rider-Waite-Smith Tarot Sarah C. Graham 2018-09-08 Discover the Fascinating History and Divinatory Power of the 20th Century's Most Popular Tarot Deck Originally published in 1909 to little fanfare, the Rider-Waite-Smith Tarot went on to become the bestselling tarot deck of all time. This complete guide shares the compelling story of the deck's creation, a complete analysis of what each card means, and 78 spreads to help you harness each card's unique spiritual energy. Discover how artist Pamela Colman Smith and occultist Arthur Waite combined their knowledge of astrology, Kabbalah, metaphysics, mythology, and theater to realize their profound vision. Llewellyn's Complete Book of the Rider-Waite-Smith Tarot delves deeply into the roots of these influential cards, exploring how Smith and Waite brought together an enchanting set of esoteric symbols and formed a magical deck that has guided, inspired, and transformed millions of people.

validated, and challenged the countless readers and seekers who have sought its wisdom.

The Tarot of the Bohemians [Amazon](#) 2019-06-12 To the casual observer, they're just a pack of playing cards. But to initiates, the mysterious figures of the Tarot deck symbolize the keys to ancient wisdom. The 78 cards can be used to unlock the secrets of the universe and to foretell the future — but only by those who comprehend their esoteric meanings. As a pillar of occult science, The Tarot of the Bohemians provides a theological element to the work begun by Antoine Court de Gébelin, Etteilla, and Éliphas Lévi, and advanced by A. E. Waite, the distinguished scholar and designer of the most well-known deck. Geared toward initiates, its topics include an introduction to the study of the Tarot as well as its symbols and applications. This revised edition includes a Preface by Waite in addition to illustrative plates, charts, and tables.  
Holistic Tarot [Benebell Wen](#) 2015-01-20 Designed for beginning as well as experienced tarot readers, Holistic Tarot offers a fresh and easy-to-follow approach to the use of the tarot deck for tapping into subconscious knowledge and creativity. The tarot deck has been used as a divination tool for more than two centuries; while the tarot is still commonly thought of as "fortune telling," the true power of the tarot lies in its ability to channel a clear path for intuition to shine through. Consulting the tarot can help clear creativity blockages, clarify ambitions, work through complex decisions, and make sense of emotions and relationships. Whether used for simple decision-making or a deeper understanding of your life's purpose, learning tarot can be an indispensable tool for being more mindful of the factors that can assist or weaken your efforts toward success. In Holistic Tarot, author Benebell Wen provides a complete guide to using the tarot to foster personal development. Wen gives a comprehensive overview of the history of the tarot and an array of theories on its use (including its relationship to Jungian archetypal psychology and traditional Chinese divination practices) before digging deeply into one of the best-known tarot systems, the Rider-Waite-Smith. Beginners will find a complete guide to working with the tarot, including choosing and caring for a deck, how best to learn and remember the attributes of the major and minor arcana, the interpretation of cards and spreads, the role of meditation in a tarot practice, and how to use the tarot for improving relationships, professional development, and personal resilience. Advanced practitioners will appreciate nuanced theoretical discussions of the tarot as well as practical advice about reading others' tarot cards and setting up a practice. Containing over 500 illustrations and detailed information on each card as well as numerous spreads, Holistic Tarot is a complete compendium of tarot study that every practitioner should have in his or her library. "A modern alchemical achievement."—Barbara Moore, author of Tarot Spreads "Will become one of the jewels in the crown of tarot literature." —Anthony Louis, MD, author of Tarot Beyond the Basics "A true classic."—Sasha Graham, author of Tarot Diva "A magnificent, intelligent, comprehensive overview and innerview of the Rider Waite Smith system of tarot! This is the only guide you need to have. Bravo!" —James Wanless, PhD, author of Voyager Tarot "A huge accomplishment ... likely to become the essential guidebook for serious students of the tarot."—Joan Bunning, author of Learning the Tarot "No tarot enthusiast should be without this book!"—Chic and Tabatha Cicero, authors of The Golden Dawn Magical Tarot "Arguably the most comprehensive guide to tarot on the market today. It's also innovative: it deftly combines Eastern mysticism with Western metaphysics. It's an impressive tour that presents a wholly modern, rational approach to tarot practice while preserving notable elements of tradition."—Kenner, author of Tarot and Astrology

Tarot As a Way of Life [Karen Hamaker-Zondag](#) 1997-06-01 Using Jungian archetypes, the I-Ching, and color/number combinations, Hamaker-Zondag shows you how to interpret the tarot without having to refer to a guidebook for definitions. Her methods will help you use the tarot to understand your personal innerchanges and their potential manifestations in daily life. She also makes an engaging comparison of the imagery in various decks, so that you can choose the deck that you like the best.

The Myth of Meaning in the Work of C.G. Jung [Aniela Jaffé](#) 1986 Aniela Jaffé(c) explores the subjective world of inner experience. In so doing, she follows the path of the pioneering Swiss psychologist C.G. Jung, whose collaborator and friend she was through the final decades of his life. Frau Jaffé(c) shows that any search of meaning ultimately leads to the inner mythical realm and must be understood as a limited subjective attempt to answer the unanswerable. A conclusion drawn from such a quest is one's very own - its formulation is one's own myth.

Tarot and the Archetypal Journey [Sallie Nichols](#) 2019-04-29 This highly innovative work presents a piercing interpretation of the tarot in terms of Jungian psychology. Through analogies to the humanities, mythology, and graphic arts, the significance of the cards is related to personal growth and what Jung termed "individuation." The Tarot Arcana becomes a map of life, and the hero's journey becomes something that each individual can relate to one's own life. "Sallie Nichols, in her profound investigation of the Tarot has performed an immense service. Her book enriches and helps us to understand the awesome responsibilities laid upon consciousness. She has done this not in an arid fashion derived from her own experience of the Tarot and its strangely translucent lights. As a result her book not only quickens life in whomever it touches." --Laurens van der Post Replaces ISBN 978-0-87728-515-1

Tarot Psychology [ROBERT WANG](#) 2008-01

Messages from the Archetypes [Toni Gilbert](#) 2004 Toni Gilbert's revealing study of how to use Tarot as a therapeutic

method and means for self-realization, utilizing well-known principles from transpersonal psychology. Using case studies and fully illustrated descriptions of the Tarot deck, Gilbert offers a profound guidebook for personal and professional growth. Written in an easy to read story-telling style that appeals to lay-persons and professionals, Messages from the Tarot tells entertaining stories to demonstrate how to use the cards to achieve insights necessary to move oneself a step towards self-actualization.

Archetypal Tarot Mary K. Greer 2021-06-01 "A fantastic book that gives deep insights into your personality, life, and the journey based on your birth card." —Theresa Reed The tarot cards associated with your birth date and name form a unique pattern of personal destiny. They describe the theme of your life—the challenges and the gifts. In Archetypal Tarot, popular tarot practitioner and astrologer Mary Greer connects astrology and numerology to the tarot to create a unique personality profile that anyone can use for self-realization and personal harmony. Greer takes readers on a personal exploration of how the tarot can be used as a tool for learning more about themselves and others. The book includes detailed instructions, charts, and exercises on how to determine your soul and personality cards How to determine your year card and name card The opportunities and challenges you will face Journaling and exploratory exercises Archetypal Tarot is a valuable tool for anyone wishing to learn how to use the tarot to interpret their strengths, challenges, and innermost desires. All you need is a pen and your date of birth and you can learn to cast your own tarot chart. This book was previously published as Who Are You in the Tarot. This new edition includes a foreword by Theresa Reed, author of Tarot: No Questions Asked, and a new preface by the author.

The Handbook of Jungian Play Therapy with Children and Adolescents Eric Green 2014-11-01 Designed for master's level and doctoral students, as well as school counselors, play therapists, and private practitioners, the book covers the theoretical underpinnings of "depth psychology" while highlighting easy-to-understand case studies from Green's clinical practice to illustrate Jungian play therapy applications at work.

Tarot Psychology Book Robert Wang 2017-06-06 This illustrated companion to The Jungian Tarot deck applies Jungian principles of "active imagination" to the tarot archetypes, providing a meditative and self-exploratory approach to tarot.

Tarot and the Archetypal Journey Sallie Nichols 2019-05-01 This highly innovative work presents a piercing interpretation of the tarot in terms of Jungian psychology. Through analogies to the humanities, mythology, and the visual and graphic arts, the significance of the cards is related to personal growth and what Jung termed "individuation." The Tarot Arcana becomes a map of life, and the hero's journey becomes something that each individual can relate to one's own life. "Sallie Nichols, in her profound investigation of the Tarot has performed an immense service. Her book enriches our understanding of the tarot and helps us to understand the awesome responsibilities laid upon consciousness. She has done this not in an arid fashion derived from her own experience of the Tarot and its strangely translucent lights. As a result her book not only quickens life in whomever it touches." --Laurens van der Post

The Big Book of Tarot Joan Bunning 2019-08-01 A complete beginner's course with step-by-step lessons on how to use tarot cards for personal guidance. Joan Bunning's "Learning the Tarot—An Online Course" has helped hundreds of thousands of people worldwide discover the personal value of the tarot. Drawing on the material offered in this online course and from her previous books, Joan has created a complete guide to tarot for beginners, which serves as a handy and in-depth resource for more experienced tarot card readers as well. While there are countless books on tarot, what sets Joan Bunning's book apart is her ability to take a rather complicated esoteric system and break it down into clear, manageable, and easy-to-learn lessons. These lessons cover the basics and then move gradually into more advanced concepts. The book includes: Lessons on how to consider one card by itself, how to look for card pairs, how to create the "story" of a reading Contains two pages of information for each card including a picture from the Rider Waite deck, a description, keywords, action phrases, and suggestions for cards with similar and opposite meanings How to work with reversed cards to give tarot readings a natural flow of high points and low points without abrupt transitions Practical insights on how to work with and interpret a wide variety of tarot spreads

The Age of Anxiety W. H. Auden 2011-02-27 An annotated critical edition of Auden's last, longest book-length poem. Shakespeare's Royal Soliloquies James Kirsch 2008-03-01 The discovery of the unconscious has brought a new dimension to the criticism of great works of literature. Notable studies of Hamlet by depth psychologists are in existence.

A Cultural History of Tarot Helen Farley 2019-08-22 The enigmatic and richly illustrative tarot deck reveals a host of strange and iconic images, such as The Tower, The Wheel of Fortune, The Hanged Man and The Fool: over which loom the terrifying figures of Death and The Devil. The 21 numbered playing cards of tarot have always exerted strong fascination, way beyond their original purpose, and the multiple resonances of the deck are ubiquitous. From T. S. Eliot and his 'wicked pack of cards' in "The Waste Land" to the psychic divination of Solitaire in Ian Fleming's "Live and Let Die"; and from the satanic novels of Dennis Wheatley to the deck's adoption by New Age practitioners, the cards of tarot in modern times become inseparably connected to the occult. They are now viewed as arguably the foremost medium of prophesying and foretelling. Yet, as the author shows, originally the tarot were used as recreational playing cards by Italian nobility in the Renaissance. It was only much later, in the 18th and 19th centuries, that the deck became

with esotericism before evolving finally into a diagnostic tool for mind, body and spirit. This is the first book to explore remarkably varied ways in which tarot has influenced culture. Tracing the changing patterns of the deck's use, from its origins to mysterious oracular device, Helen Farley examines tarot's emergence in 15th century Milan and discusses its associations with astrology, kabbalah and the Age of Aquarius.

Discovering Your Self Through the Tarot Rose Gwain 1993-10-01 This Jungian interpretation of Tarot symbolism uses the Tarot archetypes as mirrors for looking inside ourselves. Following Jung's personality types as guiding principles, the author shows how the Tarot can be an incisive tool for self-transformation, enabling you to discover the forces operative in your own personality. Provides a system for evaluating your strong and weak personality traits by identifying the court card and suit that correspond to your personality makeup. Highly original card spreads enable you to find and strengthen weaker facets of your personality. Other spreads enable you to gain insight into complex and challenging personal relationships. A section is devoted to using the Tarot to progress through the levels of consciousness represented by the sephiroth on the Tree of Life.

Tarot: No Questions Asked Theresa Reed 2020-09-01 Tap into your "sixth sense" and become a better, more confident tarot reader. Most all tarot books present card-by-card interpretations as well as an instruction on how to read. This book takes the next logical step inward by presenting the art of reading in a workbook format, and helps you interpret the cards intuitively. The book falls into two parts. The first part concerns learning about the cards, and includes exercises for each card that teaches you to trust your interpretation of the card. The second part helps you develop intuition, a skill that Reed calls "intuition." All the exercises, stories, card meanings, and techniques really serve one purpose: to go beyond learning Tarot to living it. It's not enough to memorize the meanings of the cards, and you can't do a reading with a workbook at your side forever. In order to deliver a meaningful, accurate tarot reading, you must hone your intuition. Without a comfortable connection to your sixth sense, the tarot readings lack finesse and become nothing more than cookie-cutter interpretations. When you're fluent in your intuition, you can develop better readings and unique interpretations for each person. In this book, Reed teaches by example. She presents the basics of intuitive tarot reading—reading without any questions, any backstory, anything to go on. This book is filled with exercises to hone your intuition and sharpen your interpretation skills.

Jungian Archetypes Robin Robertson 2016-06-28 Twenty-five hundred years ago, Pythagoras taught that the simple counting numbers are the basic building blocks of reality. A century and a half later, Plato argued that the world we live in is but a poor copy of the world of ideas. Neither realized that their numbers and ideas might also be the most fundamental components of the human psych: archetypes. This book traces the modern evolution of this idea from the Renaissance to the 20th century, leading up to the archetypal hypothesis of psychologist C. G. Jung, and the mirroring of mathematical ideas of Kurt Gödel.

Wisdom of the Tarot Elisabeth Haich 1991-12-01 This book relates the path to higher consciousness through the circular shape, and symbolic forms on the twenty-two Tarot cards. Detailed study and meditation of each card may release internally all that is involved with each level encountered on the journey towards the Light. These cards may be studied in conjunction with the text or separately for meditation. When studied individually, a card can reveal the necessary steps that need to be taken to actualise one's potential. Tarot cards, or symbolic representations of the truth have always been used to help man relate not only with the mind, but internally, through the feelings invoked by the colours and forms. The nature of these cards is that they can produce a strong awakening of ones unconscious forces. They are like a mirror in which we can recognise and examine ourselves. We can then understand that the reasons for our fate are ourselves, and changes by the mere fact that we begin to react differently to everything that happens to us. The exercises with the text are a valuable key to understand our present state, our past and in a deeper sense, how we create our future. Included in the book are 22 pages of five-colour tarot illustrations.

Ecospirit Laurel Kearns 2009-08-25 We hope—even as we doubt—that the environmental crisis can be controlled. Our awareness of our species' self-destructiveness as material beings in a material world is growing—but so is the destructiveness. The practical interventions needed for saving and restoring the earth will require a collective shift of magnitude as to take on a spiritual and religious intensity. This transformation has in part already begun. Traditional ecological theology and ecologically aware religious practice have been preparing the way for decades. Yet these practices still remain marginal to society, academy, and church. With a fresh, transdisciplinary approach, Ecospirit probes the possibility of a green shift radical enough to permeate the ancient roots of our sensibility and the social sources of our practice. From new language for imagining the earth as a living ground to current constructions of nature in the sciences, and philosophy; from environmentalism's questioning of postmodern thought to a garden of green doctrinal rituals, and liturgies for contemporary religion, these original essays explore and expand our sense of how to proceed in the face of an ecological crisis that demands new thinking and acting. In the midst of planetary crisis, they actively invite imagination, humor, ritual, and hope.

Piano and Keyboard Chords Mike Jackson 2011-11-01 Organized as a chord per spread, for the left and right hands.

is a handy, comprehensive reference for jazz, pop, rock and soul musicians playing the piano or keyboard at various levels. It teaches yourself the essential piano chords, and more.

**Tarot and Psychology** Arthur Rosengarten 2000-04-07 What? A Clinical Psychologist Espousing Tarot Cards? Dr. Arthur Rosengarten, in *Tarot and Psychology: Spectrums of Possibility*, does just that. He explains Tarot to those who may want to learn to use it properly for the greatest good—individuals who desire greater spirituality in their lives, including the benefits of psychological insight and depth, without the baggage of affiliation that invariably accompanies any single set of beliefs. Tarot, they will soon find, operates on many levels of profound meaning from a purely non-affiliated platform in the truest sense. Tarot makes accessible to awareness a full spectrum of psychological and spiritual possibility with little preference for its user's qualifications or beliefs. Rather magically, one might say, Tarot captures the heartbeat of experience. This fact alone should make the deck of human possibility immediately relevant to helping professionals who deal with the heartbeats of experience daily. The use of Tarot as an oracle for creating awareness and gaining insight into particular symptoms, problems or questions—i.e. Tarot divination—is often mentioned as an afterthought, alongside other meditational exercises and alternative spread configurations. Yet today, the vast number of individuals who have discovered the wonders and mysteries of Tarot have done so through experiences of divinatory reading, without a doubt, is Tarot's most beguiling and potentially beneficial enterprise. Why dance around the matter? For Tarot to continue to evolve into the 21st century (and beyond) it must have a stronger application emphasis. It must be relevant, accessible, and meaningful to the changing contours of people's lives. It must resonate with a greater meaning, creativity, and awareness, not simply with small segments of the waning New Age. *Tarot and Psychology* provides an innovative new approach for understanding the psychological and spiritual possibilities of human experience.

**The Tarot Handbook** Angeles Arrien 1997-10-13 In this updated edition of *The Tarot Handbook*, now with a new introduction by the author, Angeles Arrien takes tarot beyond the limits of the fortune-telling realm and shows how its time-honored application is both a visual and symbolic map of consciousness, and a source of ancient wisdom. A truly exciting handbook for either a beginning or an ardent student of the tarot, it contains a multitude of charts, spreads, and illustrations of the Thoth Deck, and other methodology tools for anyone looking for insights into personal and spiritual development. An anthropologist who specializes in cross-cultural myths, Arrien demonstrates how the seventy-eight cards of the tarot are portraits and archetypes that are prevalent in the collective human experience. The author teaches how to use this realization to look beyond our cultural viewpoint or bias when we approach the tarot, and to rely instead on these more important universal principles, thereby deepening the quality and accuracy of our interpretations and expanding our awareness of the human psyche. A significant and classic piece of tarot literature, *The Tarot Handbook* is both a required manual for teachers and students of the subject, and an accessible and fascinating exploration of tarot and anthropology.

**The Mythic Tarot Workbook** Juliet Sharman-Burke 2010-06-15 Delve deeper into the wisdom of the Tarot with this unique, of-a-kind, hands-on guide. The perfect companion to any Tarot deck, *The Mythic Tarot Workbook* offers a variety of spreads and creative exercises to help readers learn more about the imagery and symbolism of each card in the deck. Understanding the nature of each card brings a deeper sense of knowledge and insight to every Tarot reading, and using this workbook as a guide, every Tarot enthusiast -- whether beginning or advanced -- can become a more proficient reader. Here You Will Find: Guided imagery exercises and meditations to help you concentrate. Suggestions for color and drawing so you can become more familiar with the card images. Seven different card spreads offering you new ways to conduct and interpret readings. Blank lines and pages interspersed throughout, so you can note your reactions to the cards and record the insights revealed in readings.

**Jung: the Archetypes of the Tarot** Jacques de Saint Aymour 2019-02-26 The Swiss psychologist Carl Gustav Jung developed the twelve universal Archetypes emanating from the twenty-two Major Arcana. The Archetypes represent evolutionary states of consciousness, through which every human being crosses the path to his Destiny and his fulfillment. The 12 Archetypes represent the particular way of facing life and the consequences. The 22 Major Arcana of the Tarot explain why each of us reacts from a certain Archetype in the same situation. The Tarot shows in a symbolic way the topic that you consult to discover the Archetypes involved, and so you can vary the course if necessary. The path is fixed and deterministic. The Tarot changes according to the person who consulted it. We are all born under the influence of a dominant Archetype, but we can change when we deem it convenient. Because personal evolution is necessary so as not to get stuck on the road to our Destiny. And this book shows you how you can do it.

**Tarot Revelation** Joseph Campbell 1982

**Understanding Aleister Crowley's Thoth Tarot** Milo DuQuette 2017-09-01 Originally published in 2003, *Understanding Aleister Crowley's Thoth Tarot* has proved to be the essential guide to accessing the unique symbolism and meaning of Aleister Crowley's remarkable tarot deck along with the deeply textured artwork of Lady Frieda Crowley. Authority Lon Milo DuQuette starts by providing an insightful historical background before delving into detailed descriptions of each card in depth, from a tarot perspective and from an expanded, magickal point of view. He finally

describes the tarot meaning of each card in detail and then explains all the other attributions Crowley intended. This unique guide has been updated with a new introduction that provides information on the unicursal hexagram card previously included with the deck but never explained. Replaces eISBN 9781609257347

Tales for Jung Folio Richard Roberts 1983

Narratives of Individuation Raya A. Jones 2019-04-15 In *Narratives of Individuation*, Raya A. Jones and Leslie Gardner present 12 cutting-edge essays that bridge Jungian and narrative approaches to self-understanding, and offer a critical appraisal of both approaches. Exploring the Jungian concept of individuation and the related interest in dreams, as well as the premise of the narrative self and the related interest in life-stories, this innovative volume interprets these two unique and unprecedented ways. An outstanding selection of contributors cover several overarching themes to provide a comprehensive understanding of these two powerful narratives. The contributors explore historical and conceptual issues concerning the narrative self, as well as applying it, including to Jung's autobiography. Chapters also examine how Jung developed his theory of individuation, and engage with contemporary thinking in anthropology, psychology (including the dialogical self) and Jungian psychotherapy, towards refiguring how people arrive at self-understanding. Written by leading scholars in the field, *Narratives of Individuation* is a valuable interdisciplinary resource that illuminates a multitude of perspectives on individuation and self-realisation. Owing to its original ideas and breadth of scope, *Narratives of Individuation* will appeal to academics and students of Jungian and post-Jungian studies, anthropology, psychology, literary studies and anyone examining concepts of selfhood and the significance of narrativity. It will also be of interest to Jungian analysts and psychotherapists, and analytical psychologists.

Psychedelic Mysteries of the Feminine Maria Papaspyrou 2019-04-30 An exploration of the connections between the feminine consciousness and altered states from ancient times to present day • Explores the feminine qualities of the psychedelic self, ancient female roots of shamanism, and how altered states naturally tap into the female archetype • Discusses feminist psychedelic activism, female ecstasies, goddess consciousness, the dark feminine, and embodied spirituality to ecstasy • Includes contributions by Martina Hoffmann, Amanda Sage, Carl Ruck, and others Women have been shamans since time immemorial, not only because women have innate intuitive gifts, but also because the female is wired to more easily experience altered states, such as during the process of birth. Whether female or male, the states produced by psychedelics and ecstatic trance expand our minds to tap into and enhance our feminine state of consciousness as well as reconnect us to the web of life. In this book, we discover the transformative powers of the feminine consciousness and altered states as revealed by contributors both female and male, including revered scholars, artists, anthropologists, modern shamans, witches, psychotherapists, and policy makers. The book begins with an exploration of the archetypal dimensions of the feminine principle and how entheogens give us open access to these ancient archetypes, including goddess consciousness and the dark feminine. The contributors examine the female roots of shamanism, including the role of women in the ancient rites of Dionysus, the Eleusinian Sacrament, and Norse witchcraft. They explore psychedelic and embodied paths to ecstasy, such as trance dance, holotropic breathwork, and the similarities of giving birth and taking mind-altering drugs. Looking at the healing potential of the feminine and altered states, they discuss the power of plant medicines, including ayahuasca, and the recasting of the medicine-woman archetype for the modern world. They explore the feminine in the creative process and discuss feminist psychedelic activism, sounding the call for more female voices in the psychedelic research community. Sharing the power of the "femtheogenic" wisdom to help us move beyond a patriarchal society, this book reveals how feminine consciousness when intermingled with psychedelic knowledge, carries and imparts the essence of inclusivity, interconnectedness, and balance our world needs to heal and consciously evolve.

Tarot and Individuation Idene Gad 2004 This profusely illustrated book is one of the most complete explorations of Jungian symbolism within the 22 major arcana of the tarot. Gad's amplification of the tarot's cabalistic and alchemical symbolism reveals the wisdom of ages of seekers who have gone before us, leaving us this roadmap to individuation and spiritual attainment. This new revised edition includes a new preface and a section on Kundalini Yoga and the correspondence between the major arcana with the chakras. With the 79 layouts in this book, it provides a tool for maintaining the well-being of the energetic body as well as the spiritual and psychological.

Volume 1 of the Collected Works of Marie-Louise von Franz Marie-Louise von Franz 2021-01-04 This newly translated volume of the *Collected Works of Marie-Louise von Franz*, one of the most renowned authorities on fairytales, provides a systematic and wide-ranging approach. Von Franz amplifies a variety of fairytale motifs to show that the magical is not alien to the profane and mundane realm of ordinary daily life. She was one of Analytical Psychology's most original thinkers and here she presents a lucid, concise exploration of the archetypal symbols found in fairytales. The *Collected Works of Marie-Louise von Franz* is a 28 volume Magnum Opus of one of the leading minds in Jungian Psychology. The first volume, *Archetypal Symbols in Fairytales: The Profane and Magical Worlds*, releases on her 106th birthday, January 4th, 2021 and is to be followed by 27 more volumes over the next 10 years. Fairytales, like myths, provide a cultural and societal backdrop that helps the human imagination narrate the meaning of life's events. The remarkable

similarities in fairytale motifs across different lands and cultures inspired many scholars to search for the origin of the homeland of fairytales. While peregrinations of fairytale motifs occur, the common root of fairytales is more archetypal than geographic. A striking feature of fairytales is that a sense of space, time, and causality is absent. This situation exists in a magical realm, a land of the soul, where the most interesting things happen in the center of places like Heavens, mountains, lakes, and wells. At the age of eighteen, Marie-Louise von Franz was invited to meet Carl Gustav Jung at Bollingen Tower. She immediately recognized that there exist two levels of reality, one outer and the other inner. In the months she had enrolled at the University of Zürich and began attending Jung's lectures at the E.T.H. (Eidgenössische Technische Hochschule or the Swiss Federal Institute of Technology). Less than a decade after meeting Jung, von Franz had completed her doctorate in classical philology and begun seeing her first analysands. She was a prolific writer, a dedicated teacher and lecturer, and was possessed of a "far-reaching and often non discriminating Eros that attracts everyone seeking help." (Alfred Ribi, MD in Fountain of the Love of Wisdom, Chiron, 2006)

TABLE OF CONTENTS:

The Archetype of the Magician  
John Granrose 2021-03-09 This book presents the figure of the Magician as an archetype from a Jungian perspective.

Re-Symbolization of the Self: Human Development and Tarot  
Hermine Semetsky 2011-07-23 Bringing together popular and academic cultures, Inna Semetsky presents Tarot as a system of transformative hermeneutics for a new education and cultural pedagogy. Her research is a decisive and intelligent step ahead from the reductive stereotype of Tarot as fortune-telling. The fifteen life stories at the heart of the book exemplify the author's commitment to alternative modes of education and counseling that transcend individual, cultural or language barriers. Assembling a rich array of sources, from Hermeticism to Jungian depth psychology, the philosophies of Noddings, Buber, and Deleuze, and the science of self-organization, this book opens a new path to personal and social revitalization. It should be widely read across disciplinary divides by scholars, students, and professionals alike.
