Wide Open D. M. Ditson 2019-04-15 *Wide Open begins with the start of a promising relationship. As D. M. Ditson falls in love, she is forced to confront her past: a fundamentalist Christian upbringing, family secrets, and a series of men who sexually assaulted her when she was between the ages of eighteen and twenty five. One of the assaults was so devastating that it left her showering in her sleep, trying in vain to wash the darkness away. D. M. Ditson's story is a raw and emotional account of how she became so vulnerable to assault, of the depths to which she fell, and of her excruciating recovery from post-traumatic stress disorder.*

Price of a Kiss Linda Kage *I don't care what my cousin says; I am not the queen of impossible relationships. I mean, just because my last boyfriend tried to kill me and left a bit of a scar on my neck, then forced me to move across the country and legally change my name to Reese Randall to escape him, does not mean- Oh, who am I kidding? For a freshman in college, I have to have the worst dating track record ever. It's no wonder love is the last thing on my mind when Mason Lowe enters my life. But the chemistry between us is like bam! Our connection defies logic. And he's just so freaking hot. Being around him makes me feel more alive than I've ever felt before. I even like bickering with him. He could be my soul mate...except for one teeny tiny glitch. He's a gigolo. Boy, do I know how to pick them.*

Protocol to Manage Relationships Today Jean Paul Wijers 2020-11-05 *Protocol to Manage Relationships Today explains the contemporary value of protocol, not only for monarchies or diplomatic institutes, but for any non-profit or for-profit organisation. This book presents modern protocol as a tool to build strong, authentic networks of reciprocal relationships. When used effectively protocol can: - Increase the effect of the networking activities of an organisation. Protocol gives a professional structure to relationship management, to achieve access to the 'right' networks and a reciprocal relationship with the most valued stakeholders. - Deepen relationships. In our world there is so much focus on pragmatism in building relationships - protocol focuses on the common ground to gain value. - Be used as a valuable tool in a post COVID-19 era, where the need for space and time to build real and authentic relationships is well understood. The book defines how tested values perfectly fit in today's society, where modern organisations want to build effective relationships and communities. This book is focused on developing an increasingly vital expertise for professionals who deal with complex relationship management issues on a strategic and tactical operational level. They come from different fields, such as government institutions, non-profit organisations and commercial environments. This book also gives protocol officers a contemporary approach towards the application of protocol. It is not designed as a complete guide to all the rules of protocol, but it describes how to translate the context into a tailor-made protocol for each meeting or event. The book explains protocol as a flexible method to handle unique situations. Protocol is presented on four levels: the 'why' of protocol; the strategic and tactical level; the practical implementation; and the execution of protocol. Protocol to Manage Relationships Today is written by Europe's foremost protocol experts with collective years of experience with the management of networking meetings and events at the highest level.*

Read the book that inspired the Choose Kind movement, a major motion picture, and the critically acclaimed graphic novel White Bird. And don't miss R.J. Palacio's highly anticipated new novel, Pony, available now! I won't describe what I look like. Whatever you're thinking, it's

probably worse. August Pullman was born with a facial difference that, up until now, has prevented him from going to a mainstream school. Starting 5th grade at Beecher Prep, he wants nothing more than to be treated as an ordinary kid—but his new classmates can't get past Auggie's extraordinary face. Beginning from Auggie's point of view and expanding to include his classmates, his sister, her boyfriend, and others, the perspectives converge to form a portrait of one community's struggle with empathy, compassion, and acceptance. In a world where bullying among young people is an epidemic, this is a refreshing new narrative full of heart and hope. R.J. Palacio has called her debut novel "a meditation on kindness" —indeed, every reader will come away with a greater appreciation for the simple courage of friendship. Auggie is a hero to root for, a diamond in the rough who proves that you can't blend in when you were born to stand out.
