**The Negro Motorist Green Book** Victor H. Green The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.

*Mobil Travel Guide Texas 2005* Mobil Travel Guides 2005 The Mobil Travel Guide star ratings are a 45-year-old consumer advocacy concept originally developed following the introduction of the interstate highway system. The goal of the Guide is not to identify and rate every property in the country, but to recommend only the best in each category, ones that we would send our customers to. We look at the stars from a consumer's point of view, rating lodgings and restaurants across North America from the perspective of the "average traveler." The Guides feature new enhanced descriptions for 2004. Listings include lodgings, restaurants, attractions, and events in established travel destinations, as well as cities and towns on the way to established travel destinations. Our new easy-to-use format makes the Guides even more indispensable to travelers. Each regional guide is organized alphabetically by state, with introductory information about the state followed by city listings in alphabetical order. For each city, the guide lists sites and attractions, lodgings, and then restaurants. One of the features that sets the Mobil Travel Guide apart from its competitors is its proprietary Mobil star rating system. Forty-five plus years of publishing experience and the oldest non-biased rating system in North America make the Mobil Travel Guide series a must-have for travelers wanting up-to-date ratings of hotels and restaurants.

**Traveler's Tool Kit: Mexico and Central America** Rob Sangster 2008-02-28 Traveler's Tool Kit Mexico/Central America was named Best Guidebook for 2008 by planeta.com Rob Sangster and Tim Leffel are not typical travelers, nor is this a typical travel guide. Instead of rating Mexico's "best" (read: most expensive) hotels, the authors shows how to locate comfortable, affordable lodging anywhere in the country. Traveler's Tool Kit does the same for everything from dining to entertainment to sightseeing in Mexico, Guatemala, Costa Rica, Belize, Panama, Honduras, Nicaragua, and El Salvador. Individual sections cover it all: drafting itineraries, calculating costs, eco-sensitive travel, unusual tours, managing money, staying healthy, woman-alone travel, and much more. Sangster and Leffel show how to connect with a network of travelers who've discovered the most enjoyable things to do and can provide guidance on how much to pay for them. The book also tells how to memorialize the adventure through photography and blogging, and even how to earn money from the trip after returning home. Sangster and Leffel are both authoritative and encouraging, drawing on years of experience to help travelers maximize the fun, savings, and security without compromising quality.

**Backcountry Mexico** Bob Burleson 2010-06-28 If you've always longed to strike out through the open country of northern Mexico armed with frying pan and bedroll, then this guide to the people, culture, folkways, landscape, and language of rural Mexico is for you. Out of twenty years of travel in backcountry Mexico, authors Bob Burleson and David Riskind have produced perhaps the most practical and accurate guide available for the unconventional tourist—the man or woman who prefers to get off the beaten path by foot, burro, mule, canoe, raft, or vehicle. Going well beyond the usual tourist guidebook entries, Backcountry Mexico will help you hire a guide and burro, navigate rural roads and trails, and communicate with the friendly and, sometimes, unfriendly folks you are likely to meet in a rural setting. In addition to English-Spanish and Spanish-English vocabulary lists containing both standard words and numerous terms relating to people, conditions, land, and situations not ordinarily encountered in tourists' lists, the authors have provided literally hundreds of helpful phrases and short conversations in easy-to-use sections arranged according to topics. Experienced unconventional travelers themselves, Burleson and Riskind have become experts in such subjects as "Eating and Staying Well on the Road," "Camping in Mexico," "Rural Mexican Village Life," and many more. Their experience, and the resultant wealth of language and cultural information contained in this guide, will help you to enjoy your trip and to better understand and appreciate the people and the land you visit. Throughout the book, the language examples are interwoven with beautifully illustrated anecdotes about culture and lifeways, so that the traveler is equipped with practical knowledge as well as appropriate behavior and speech. Fascinating in its treatment of a culture that is little known and unique in its coverage of rural-style Mexican Spanish, Backcountry Mexico will prove invaluable to anyone who ventures forth into northern Mexico.
