**Paint it Today** Hilda Doolittle 1992-07 This novel, a never before published Roman a clef by the famous imagist writer, H.D. (Hilda Doolittle), that explores H.D.'s love for women, is a lyrical recreation of the love and loss of her friend and first love, Frances Gregg, and of her later meeting with Bryher who was to become H.D.'s lifelong companion. Spanning the years from H.D.'s childhood in Pennsylvania to the birth of her daughter, Perdita, in 1919, this turbulent love story is set against the backdrop of World War I, H.D.'s involvement in early 20th century London literary circles, her brief engagement to American poet, Ezra Pound, and her shattered marriage to British novelist Richard Aldington. *Paint it Today* is H.D.'s most lesbian novel, a modern, homoerotic tale of passage which focuses almost entirely on the young heroine's search for the sister love which would empower her spiritually, creatively, and sexually. Cassandra Laity's introduction places H.D.'s love for the sexually magnetic, betraying Gregg and for the more nurturing and loyal Bryher in the context of the lesbian romanticism of early modern fiction. Her annotations of all Greek references and literary quotations, as well as, biographical facts represented in the text, provide nuance and detail to this engrossing work.

**Paint It Black** Voltaire 2005-08-30 Home decorating will never be the same. Close your curtains! Throw away your summery linens! Forget about those white eyelet pillow covers! And for Goth's sake, buy some black lights! Voltaire is here to help you with your home decorating dilemmas, guide you through the hardware stores and decorating centers (which are so difficult for Goths to navigate), and lay it all out on the line about which shade of black goes with which shade of black. Who knows?! One day soon he might have his own decorating line at a discount store. In this world of pastels and plaids, it's so hard for Goths to find anything aesthetically appealing. You go in search of Edward Gorey and wind up with an eyeful of Eddie Bauer. With Voltaire's *Paint It Black* you can turn the unbearably mundane into the delightfully macabre with little more than a touch of creativity and a can of black spray paint.

**How to See Color and Paint It** Arthur Stern Learn to see and mix any color with extraordinary precision! Many painters don't paint what they see, but what they expect to see, what they think they see, what they remember, or what they imagine things are supposed to look like. Since "the mind stands in the way of the eye," the purpose of this revolutionary book is to train you to paint what your eye actually sees. Arthur Stern claims that color is key to painting what you see. After working with three generations of students, he developed a program of 22 painting projects that teach the artist to observe, identify, mix, match, and paint the colors of the world with remarkable accuracy. Using a painting knife and oil paint, you learn to analyze every painting subject as a series of distinct color areas—called color spots—and place each spot on the canvas as a unique and vivid mixture. The fundamental lesson of the book is that if you put the right color spot in the right place, you create a realistic image of form, space, surface texture, atmosphere, light, and shade. As you follow the painting projects in this book, you'll make the dramatic discovery that everything in nature is filled with luminous color. You'll learn to see glowing color in the "blackest" shadow and the "whitest" linen. You'll learn when a green can appear red; how to use paint to replicate metal, glass, wood, paper, porcelain, and other opaque, transparent, or textured surfaces. Before long, you'll be seeing a multitude of colors in a slice of bread, apples and oranges, and a mass of green leaves. You'll learn how to paint quickly enough to capture a "live" still life—a flower that moves and slowly dies as you paint it. You'll even practice with a setup outdoors to see how sunlight and skylight affect color. *How to See Color and Paint It* is a must for beginners and a valuable asset for intermediate artists who want to develop a more subtle perception of color. A final section contains beautiful paintings of many subjects that have grown out of projects and ideas taught in this book. 130 color plates; 40 black & white illustrations

**Paint It Black** Janet Fitch 2006-09-01 "A dark, crooked beauty that fulfills all the promise of *White Oleander* and confirms that Janet Fitch is an artist of the very highest order." --Los Angeles Times Book Review Josie Tyrell, art model, runaway, and denizen of LA's rock scene finds a chance at real love with Michael Faraday, a Harvard dropout and son of a renowned pianist. But when she receives a call from the coroner, asking her to identify her lover's body, her bright dreams all turn to black. As Josie struggles to understand Michael's death and to hold onto the world they shared, she is both attracted to and repelled by his pianist mother, Meredith, who blames Josie for her son's torment. Soon the two women are drawn into a twisted relationship that reflects equal parts distrust and blind need. With the luxurious prose and fever pitch intensity that are her hallmarks, Janet Fitch weaves a spellbinding tale of love, betrayal, and the possibility of transcendence. "Lushly written, dramatically plotted. . . Fitch's Los Angeles is so real it breathes." --Atlantic Monthly "There is nothing less than a stellar sentence in this novel. Fitch's emotional honesty recalls the work of Joyce Carol Oates, her strychnine sentences the prose of Paula Fox." --Cleveland Plain Dealer "A page-turning psychodrama. . . Fitch's prose penetrates the inner lives of [her characters] with immediacy and bite." --Publishers Weekly (starred review) "Fitch wonderfully captures the abrasive appeal of punk music, the bohemian, sometimes squalid lifestyle, the performers, the drugs, the alienation. This is crackling

fresh stuff you don't read every day." --USA Today "In dysfunctional family narratives, Fitch is to fiction what Eugene O'Neill is to drama." --Chicago Sun-Times "Riveting. . . . An uncommonly accomplished page-turner." --Elle

**Paint it White Gary Edwards 2011-11-25** In his dedication to Leeds United, Gary Edwards has no rivals. He has seen every Leeds game since 17 January 1968, home and away. League, Cup and Europe. And pre-season friendlies.\* Hell, he even watches the reserves in his spare time. Following Leeds, he's been there, done that and designed the T-shirt. Although a painter and decorator-cum-signwriter-cum-cartoonist, he's never taken a break from his life as a full-time football fan. He's made a name for himself covering over red paint with white for free. He's visited every country in Europe and flown all over the rest of the world to watch Leeds play. If Leeds organised a five-a-side on the moon, he'd be on the first shuttle flight there. Travelling the world to watch hundreds of players run around acres of grass, he's also found time to drink gallons of ale, see oceans of flesh and protect hundreds of animals. He's saved lobsters in Barcelona, clay pigeons in Worktop, frogs in Kuala Lumpur and worms - yes, worms - in Yorkshire. He's been shot at in Greece, run over in Denmark, frightened the king in Sweden and had a beer with an elephant in Bangkok. All this and still found the time to never miss a match or another chance to rid the world of the evil that is red in all its forms. Behind him are almost four decades of Leeds, lunacy, laughter and white paint.
