Empowerment in Practice Ruth Alsop 2006 "This document offers an excellent explanation of the concept empowerment and develops a very useful framework for disentangling and clarifying the concept. It is practical and well justified on the basis of the literature. The approach and survey instruments develo measure empowerment are innovative and very useful. Developing an approach to empirically measure empowerment, and to track empowerment indicators over time in a way that is operationally feasible consistent with World Bank standards is certainly an outstanding achievement."Reginer Birner, Senior
